Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicant hereby notifies the U.S. Patent and Trademark Office of the documents which are listed on the attached PTO/SB/08 A & B (modified) form and/or listed herein and which the Examiner may deem material to patentability of the claims of the above-identified application.

One copy of each of the listed documents is submitted herewith, except for the following: U.S. patents and/or U.S. patent publications; and co-pending non-provisional U.S. applications filed after June 30, 2003.

The present Information Disclosure Statement is being filed after either a Final Office Action, Notice of Allowance, or an action that otherwise closes prosecution in the application (whichever is earlier), but before payment of the Issue Fee, and therefore Applicant is submitting

herewith a check for the fee of \$180.00 under 37 C.F.R. § 1.17(p), and a Statement Under 37 C.F.R. § 1.97(e).

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant encloses herewith a copy of a Communication from a foreign patent office in a counterpart application citing such documents (Office Action issued in Chinese Patent Application 20040011062.7 dated May 11, 2007), together with an English-language version of at least that portion of the Communication indicating the degree of relevance found by the foreign patent office.

Further, the listed US 7,026,388 B2 and EP 1 245 625 A1 documents correspond to the listed CN 1377917A. In addition, the English-language abstract at the end of the Senlin et al article constitutes a further concise statement of relevance of the Senlin et al article.

Applicants further note that with respect to the JP 47-23446 and JP 50-6550 documents submitted with the Information Disclosure Statement of October 24, 2005, applicants submitted a Supplemental Information Disclosure Statement on February 23, 2006 with which applicants enclosed English-language abstracts of these Japanese documents as a further concise statement of relevance for these documents. Applicants request the Examiner to acknowledge receipt of the Supplemental Information Disclosure Statement and the abstracts submitted therewith.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.
